

The **Bayer Woodland** employees look forward to welcoming you to our facility next **Tuesday, September 29**. Following a brief presentation, you will tour the facility and meet scientists and leaders from Plant Breeding, Pathology, Cell Biology, Chemistry, Greenhouse Operations, and Site Leadership. The Q&A session at the end is optional, understanding that many will need to return to work promptly.

First, a few ground rules:

- Please bring a photo ID for entry.
- Photography is permitted only in designated areas.
- The facility is tobacco-free (tobacco can carry plant diseases)
- Closed-toe shoes are strongly recommended.

Arrival and Parking

The Bayer Woodland site is located at 37437 State Highway #16.

Visitor parking is available at the front of the site. If it is full, use the front-gate intercom and tell security you are with Rotary. Once inside, park behind the main building on the left, where someone will meet you at the building's back entrance. Please carpool if possible.

Visit Schedule

11:30am — Check in and enjoy lunch in the meeting room.

12:00pm — Bayer Woodland presentation over lunch.

12:20–1:20pm — Brief walking tour of the facility; elevators are available.

Optional Discussion

- 1:20pm — Q&A with breeders, scientists, agronomists, and site leaders.

Departure

If you park inside the gate, please follow signs to the exit gate in front of the main building.

The Bayer Woodland Team is looking forward to your visit.
Please contact me with any questions,

Nick Roncoroni

President, Rotary Club of Woodland

Global Pipeline Process Lead, Bayer Crop Science
