

## Why Rotarians Are Being Asked to Pledge

From the President of Woodland Rotary Club-  
Aniek Pflager

Our Centennial is a rare opportunity to honor the Rotarians who came before us while building something meaningful for those who will follow. The Rotary Stage is a project we can all be proud of—one that reflects our shared values and our commitment to Woodland for generations to come.

## A Centennial Moment. A Lasting Legacy.

The Rotary Clubs of Woodland are marking 100 years of service to our community. This Centennial Project is our opportunity to leave behind something permanent that reflects Rotary's history, values, and continued leadership in Woodland.

## The Centennial Project- The Rotary Stage at the Intermission Garden of the Woodland Opera House

All three Rotary Clubs—the Rotary Club of Woodland (Noon), Woodland Sunrise Rotary Club, and Woodland Luna Vista Rotary Club—have come together to fund and build the Rotary Stage at the Intermission Garden of the Historic Woodland Opera House.

This project will create a permanent Rotary presence in the heart of downtown Woodland, enhance a well-traveled but underutilized space adjacent to the Woodland Opera House and Heritage Plaza, and support arts, education, and community gatherings for generations to come.
